Feature: Cart Functionality

As a logged-in user

I want to manage my shopping cart

So that I can add, remove, and view products

Background:

- ✓ **Given** I am on the SauceDemo login page
- ✓ **When** I login with valid credentials
- ✓ **And** I dismiss the Chrome password manager popup if it appears
- ✓ **Then** I should be redirected to the inventory page

Scenario: Add product to cart and verify

- ✓ **When** I add product "sauce-labs-backpack" to cart
- ✓ **Then** cart badge should show "1"
- ✓ **When** I click on cart icon
- ✓ **Then** I should be on cart page
- ✓ **And** I should see product "Sauce Labs Backpack" in cart

Scenario: Remove product from cart

- ✓ **When** I add product "sauce-labs-backpack" to cart
- ✓ **And** I click on cart icon
- ✓ **And** I remove product "sauce-labs-backpack" from cart
- ✓ **Then** cart should be empty

Scenario: Remove all products from cart

- ✓ **When** I add product "sauce-labs-backpack" to cart
- ✓ **And** I add product "sauce-labs-bike-light" to cart
- ✓ **And** I click on cart icon
- ✓ **And** I remove all products from cart
- ✓ **Then** cart should be empty

Scenario: Continue shopping

- ✓ **When** I add product "sauce-labs-backpack" to cart
- ✓ **And** I click on cart icon
- ✓ **And** I click continue shopping
- ✓ **Then** I should be redirected to the inventory page

Scenario: Checkout button navigation

- ✓ **When** I add product "sauce-labs-backpack" to cart
- ✓ **And** I click on cart icon
- ✓ **And** I click checkout
- ✓ **Then** I should be on checkout page

✓ ✓ file:///C:/Users/bhase/CBDD/src/test/resources/features/checkout.feature

Feature: Checkout Functionality

As a logged-in user with items in cart
I want to complete the checkout process
So that I can purchase products

Background:

- ✓ **Given** I am on the SauceDemo login page
- ✓ **When** I login with valid credentials
- ✓ **And** I dismiss the Chrome password manager popup if it appears
- ✓ **And** I add product "sauce-labs-backpack" to cart
- ✓ **And** I click on cart icon
- ✓ **And** I click checkout

Scenario: Checkout with valid information

- ✓ **When** I enter checkout information with first name "Hemant", last name "Bhase", and postal code "411020"

- ✓ **Then** I should see order summary with item details
- ✓ **When** I finish the order
- ✓ **Then** I should see order completion message "Thank you for your order"
- ✓ **And** order should be completed successfully

Scenario: Checkout with blank fields

- ✓ **When** I leave checkout information blank and continue
- ✓ **Then** I should see checkout error message "First Name is required"

Scenario: Cancel checkout

- ✓ **When** I cancel checkout
- ✓ **Then** I should be on cart page

Scenario: Payment, Shipping & Itemized Summary

- ✓ **When** I enter checkout information with first name "Hemant", last name "Bhase", and postal code "411020"
- ✓ **Then** I should see order summary with item details
- ✓ **And** I should see itemized product list
- ✓ **And** I should see payment information
- ✓ **And** I should see shipping information
- ✓ **And** I should see total amount calculation

Scenario: Checkout Completion Message

- ✓ **When** I enter checkout information with first name "Hemant", last name "Bhase", and postal code "411020"
- ✓ **And** I finish the order
- ✓ **Then** I should see order completion message "Thank you for your order"
- ✓ **And** I should see checkout complete text "Your order has been dispatched"
- ✓ **And** I should see back to products button

✓ ✓ file:///C:/Users/bhase/CBDD/src/test/resources/features/common-login.feature

Feature: Common Login Flow

Scenario: Login as standard user and dismiss Chrome popup

- ✓ **Given** I am on the SauceDemo login page

- ✓ **When** I enter valid username and password
- ✓ **And** I click the login button
- ✓ **And** I dismiss the Chrome password manager popup if it appears
- ✓ **Then** I should be redirected to the inventory page

✓ ✓ file:///C:/Users/bhase/CBDD/src/test/resources/features/inventory.feature

Feature: Inventory Page Functionality

As a logged-in user

I want to view and interact with products

So that I can browse the inventory

Background:

- ✓ **Given** I am on the SauceDemo login page
- ✓ **When** I login with valid credentials
- ✓ **And** I dismiss the Chrome password manager popup if it appears
- ✓ **Then** I should be redirected to the inventory page

Scenario: Product tile display

- ✓ **Then** I should see product "Sauce Labs Backpack" displayed

Scenario: Sort by name A-Z

- ✓ **When** I sort products by "Name (A to Z)"
- ✓ **Then** products should be sorted alphabetically A-Z

Scenario: Sort by name Z-A

- ✓ **When** I sort products by "Name (Z to A)"
- ✓ **Then** products should be sorted alphabetically Z-A

Scenario: Sort by price low to high

- ✓ **When** I sort products by "Price (low to high)"
- ✓ **Then** products should be sorted by price low to high

Scenario: Sort by price high to low

- ✓ **When** I sort products by "Price (high to low)"

- ✓ **Then** products should be sorted by price high to low

✓ ✓ file:///C:/Users/bhase/CBDD/src/test/resources/features/login.feature

Feature: Login Functionality

As a user

I want to login to SauceDemo

So that I can access the inventory

Background:

- ✓ **Given** I am on the SauceDemo login page

Scenario: Login with valid credentials
